

ENGINEERS VISIONING A SUSTAINABLE FUTURE CONFERENCE AND WORKSHOPS >>

6-10 MARCH 2006 TOWNSVILLE, JUPITERS HOTEL & CASINO

Townsville City Council promoting A Centre for Excellence in Tropical Design presents an exciting and innovative event that is a must for current and aspiring engineers and those interested in creating a sustainable future.

Combining a conference component with a professional development course, Student Workshops and forums for students in Years 9-12, this event will actively challenge and engage attendees to identify and vision practical steps and strategies to support sustainability in the tropics.

To register your interest complete the registration of interest form or fax/email it to: Townsville City Council c/- Environmental Management Services, fax: 4727 9315 email: sustainable@townsville.qld.gov.au www.tropicaldesign.org
